POULTRY PRODUCTION

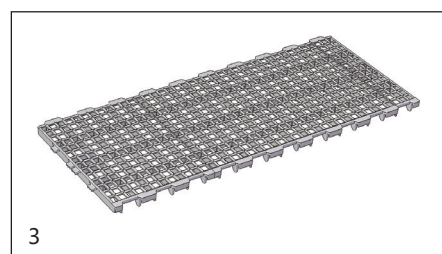

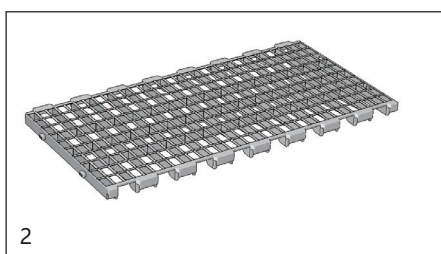

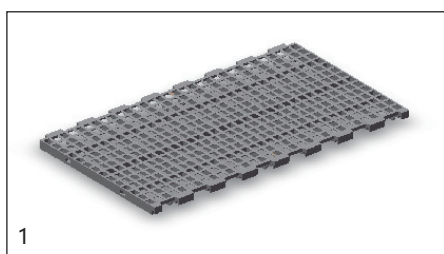

Technical Description

- Suitable for chickens, ducks, and other poultry, robust structure with adjustable flatness.
- Well-designed to ensure normal mating behaviors.
- Non-toxic, odorless, aging-resistant, corrosion-resistant, quick to install, and easy to wash.
- No burrs during usage; not easily deformed.
- Effectively keeps flooring clean and reduces contamination.

Product Parameters

NO.	Dimensions: length × width × height (mm)	Manure discharge hole (mm)	Number of manure discharge holes	Manure discharge rate
1	1000*500*40	24*20	448	45%
2	1000*500*40	40*23	320	60%
3	1200*500*40	24*20	560	45%

CLEANING

PLASTIC SLAT WASHER MACHINE

High pressure spray slat cleaning machine has a wide range of applications, mainly used in farm plastic slat, food factory turnover basket on the oil stains and residue cleaning. When the product is running, the cleaned container is manually sent into the equipment chain track for low pressure spray and high pressure rinse, and the cleaned container is cleaned with two high-pressure water spray under the transmission chain.

POULTRY PRODUCTION

Technical Description

Each section is provided with a waterproof curtain to ensure that each section is cleaned without cross-contamination

360° high pressure cleaning, clean up/no residue/efficiency

Vertical multistage centrifugal pump, high lift/high pressure/good cleaning effect

Intelligent control system, waterproof switch/one-click operation button/easy to use

Stainless steel conveyor chain, stainless steel chain/noise reduction wear resistance/automatic discharge

Circulating filtration system, secondary filtration system/high cleanliness/anti-bloking

Name		High pressure spray slat cleaning machine
Size		4000*1650*1900mm
Weight		14600kg
Power	1st Alkaline water	Pump power 7.5Kw
	2nd Hot water	Pump power 18.5Kw
	Conveyer motor power	0.55Kw
Capacity	120-600 slats/hour
